Native Studies by Maricia Luper

Luci Abella says course has been beneficial. I learned that Natives and all we need to do is to communicate with one another and unite.

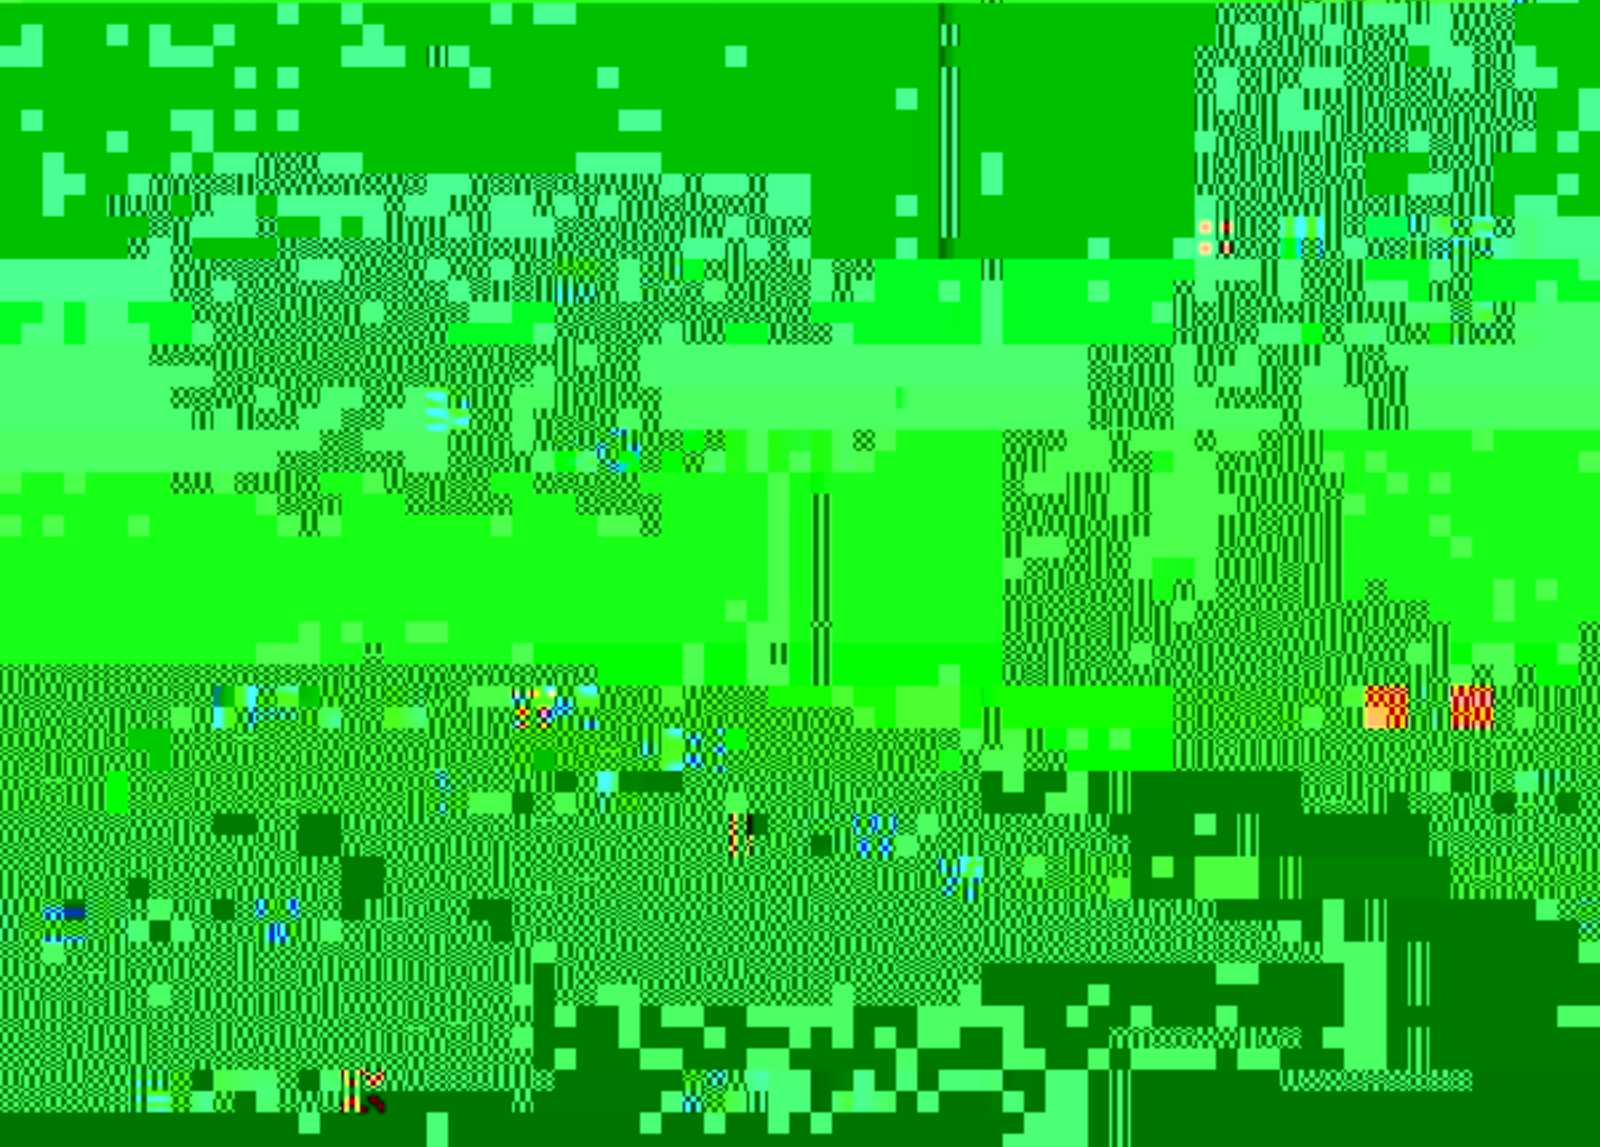

Our guest speakers touched on important topics that let us learn to appreciate that we do need to work together to protect what we have left.

it takes court case after court case to get the federal law to recognize what Natives believe in, we'll get to our intended place in this biased

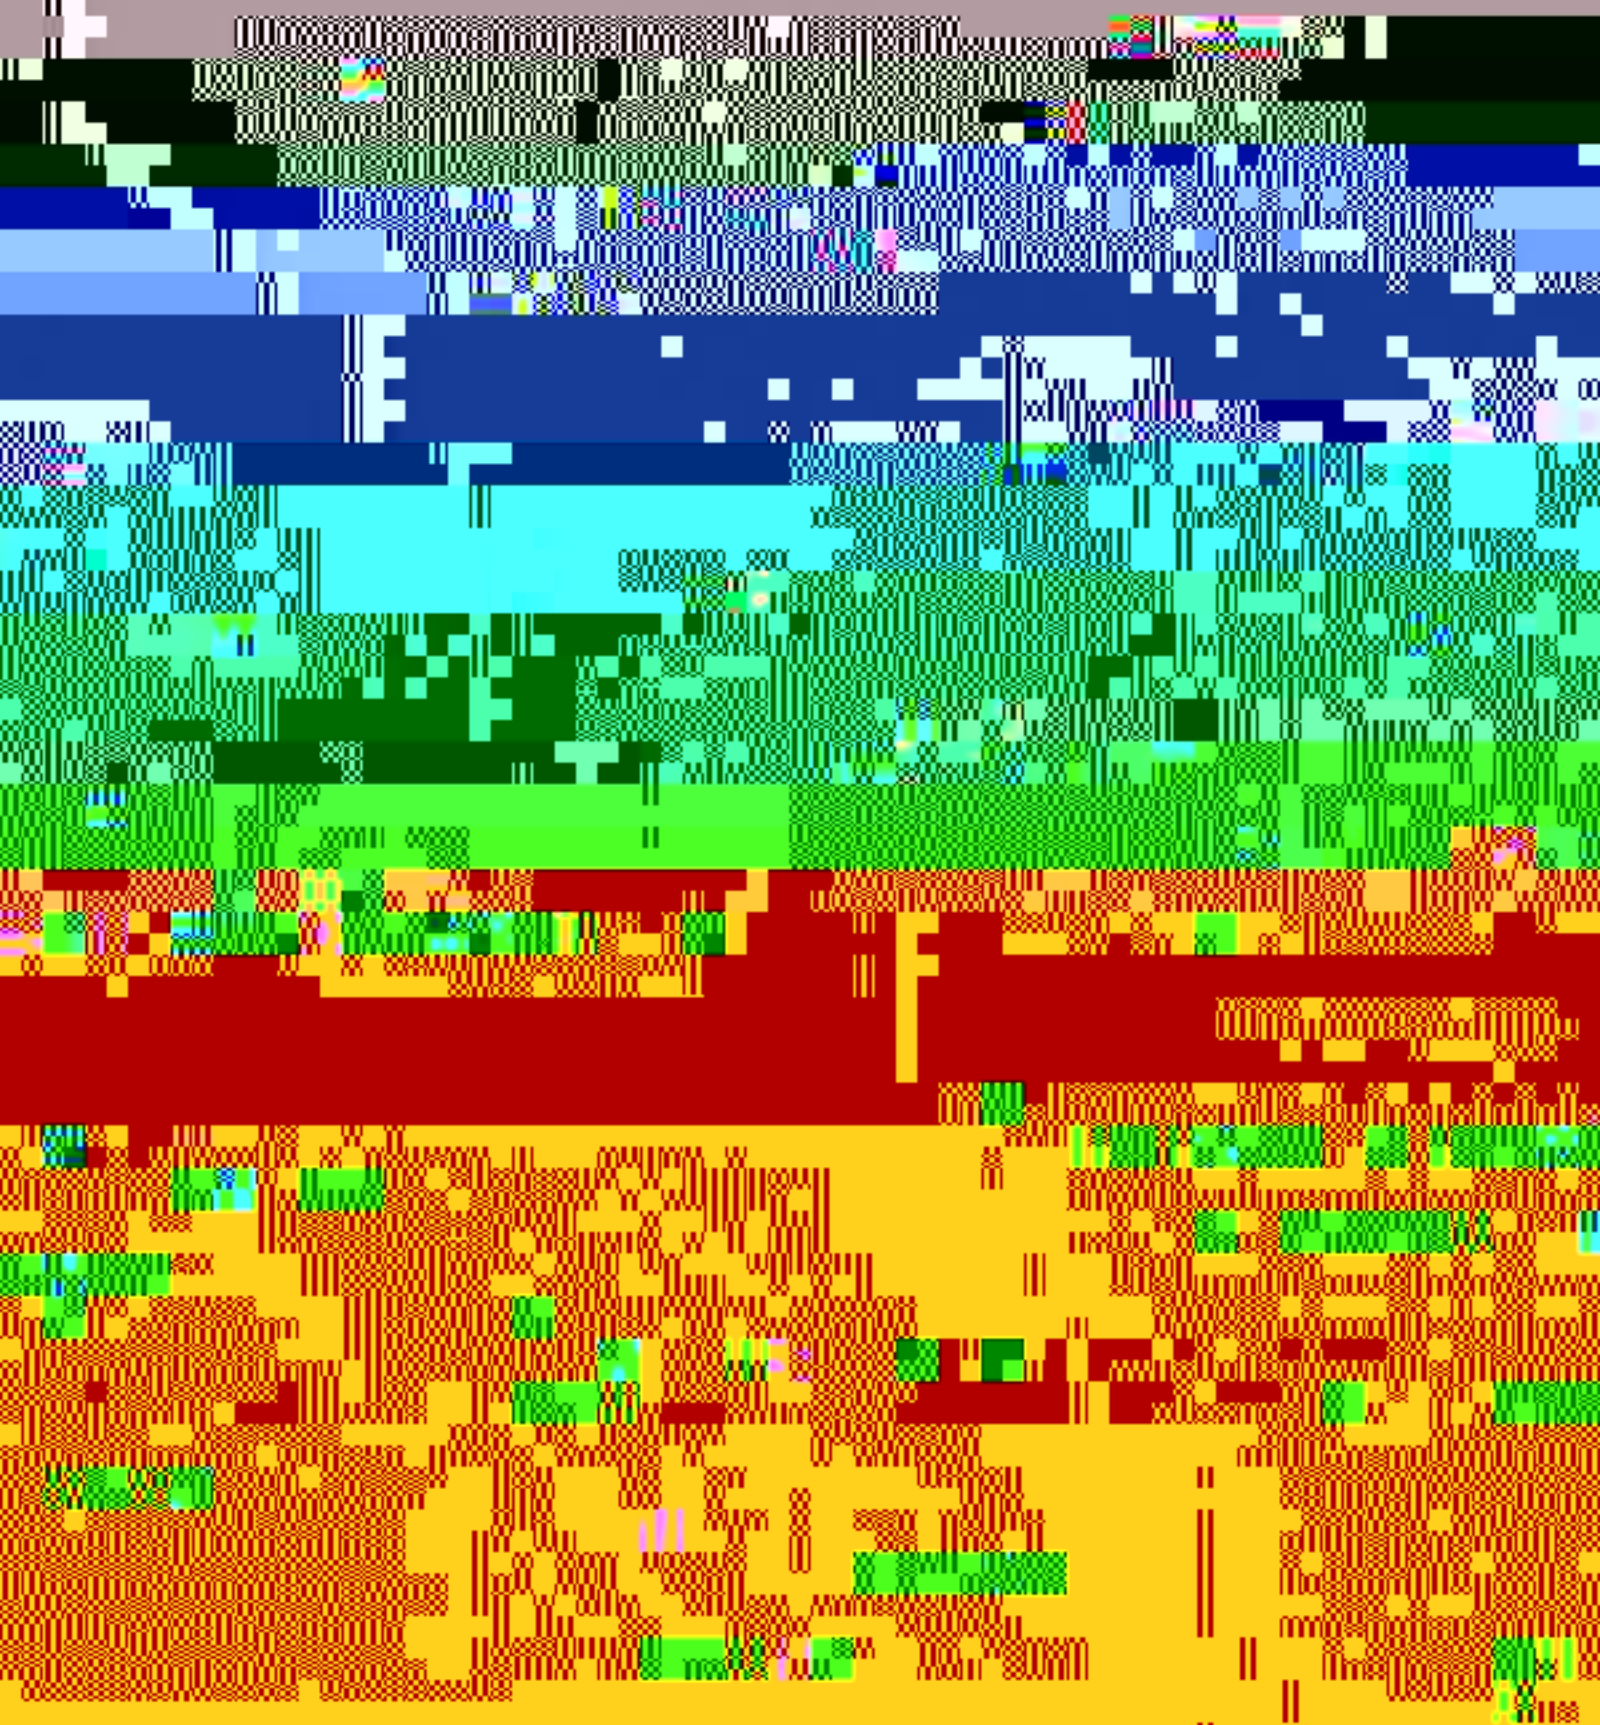

By learning about our cultures and history of our people, I have begun to see a vision that is sad. I am also proud of the values that in time can help to build a better world.

College Knowledge by Dawn Ruby

College Knowledge is a different style of college life that isn't prohibited as much as the organized social scene. When I heard of College Knowledge I thought the

much more freedom and more responsibilities. You, and only you, are responsible for yourself at college.

Time management, I have learned the
