

MOTION:

The Faculty Senate moves to adopt the following changes to the 2014-15 Catalog that update the Writing placement sections and clarify catalog language on placement and prerequisites.

Effective: Fall 2014

Rationale: This motion amends the current (2013-14) catalog to incorporate changes that result from Statewide alignment of English 111X and DEVE placement (see placement table below). It further addresses reading placement, making reading classes a co-requirement with DEVE placement at the DEVE 060 and DEVE 104 level.

The motion also reflects changes in the Placement section amending language in the recently passed Math placement motion (but not amending the Math placement portion of that motion), changes in language that have accumulated in the catalog over time, and language changes that clarify current practice in student placement.

CAPS and English placement standards. **Students who meet basic skills standards in reading, writing and mathematics should enroll in the appropriate 100-level or above courses. Those whose scores place below these standards must enroll in the appropriate developmental education courses. Once these students have satisfactorily met the criteria for these courses, they may register for 100-level courses.** Specific writing placement standards.
